

In order to practice “the Silk Road Economic Belt and the 21st-Century Maritime Silk Road” and the Belt and Road Science, Technology and Innovation Cooperation Action Plan, the Pioneer Initiative by Chinese Academy of Sciences (CAS), the vision of Alliance of International Science Organizations (ANSO), as well as implementing the Interactive Innovation Initiative purposed by The Chinese Academy of Sciences Holdings Co, Ltd. (CASH). “The Belt and Road” Industry Alliance, Chinese Academy of Sciences (BRIACAS) is founded.

A thematic alliance under ANSO, BRIACAS is dedicated to promote technology innovation and related technology transfer services. BRIACAS is backed by CASH, OSIC Holing Group Co., Ltd. (OSIC), and institutes from CAS. Agencies and enterprise from science and technology industry, scientific and academic institutes, professionals both domestic and oversea are also actively involved. BRIACAS offers S&T and commercial services to countries along the Belt and Road and other countries that are interested in joining the Belt and Road Initiative. BRIACAS also commits to meet the science and technology, as well as people's livelihood needs in the region. By promoting regional economic integration and on the bases of multinational technical and economic exchanges and cooperation, BRIACAS strives to build a B&R technology industry chain.

BRIACAS aims to combine the experts from CAS, enterprise products and government industry together. By doing so, we hope to drive the technology transformation of key technologies from CAS to applications. While serving the people's livelihood needs and technology industry transformation of B&R region, BRIACAS also wants promote the actual progress of the Belt and Road in CAS at working level. BRIACAS hopes to contribute to the Belt and Road initiative and become a classic example of achieving Sustainable Development Goals 2030, catalyzing and implementing concrete programs, initiatives and actions in Science, Technology, Innovation and Capacity Building and unimpeded trade and people-to-people bonds, two goals of the five cooperation priorities purposed in the Belt and Road Initiative.
